Laurie,

I will poll the members of my Clean committee for an appropriate standing time to meet each month.

Thanks!

Ron

Good morning Ron,

Firstly, thank you for your email! Secondly, the committee list was updated after the Feb BOD meeting I've attached the latest version.

I would love Brian to be involved in committee work. At our Feb board meeting when I asked for committee volunteers, he remained silent. Your committee does have 5 members (see attached). The website committee has 3 members: JL, Varet and Wil again, I asked for volunteers at the Board meeting and hearing none it remained at 3. I have no objection to you joining the committee however, my goal is to integrate other board members into the committee system. It's still the same 5-7 of us that work on all committees with a board of 18 (soon to be 19) that's pretty abysmal. My intention is to make a plea (again) at the March meeting to enlist and engage the other board members to participate on committees.

I'm sorry to have missed John's party yesterday. I was at City Hall most of the day.

Hugs,
Laurie

Subject: Committees

Hi Laurie,

Attached is the committee list prepared by Lisa.

We are trying to get the group more involved and this is still a work in progress.

Recently, Lisa sent out an email asking the members of my Clean committee to check their availability for a Thursday meeting at 3pm, a time that I suggested.

Perhaps that didn't fit the schedules of the members, but we received no response; so there will be no meeting on Thursday for that committee.

We will try again to find a time that suits everyone. One suggestion I have is that we ask Brian Scane if he would be available to attend as the 5th member.

He was on the Safe and Clean committee and is a wise and longtime member of the Board, but his schedule sometimes conflicts with our meetings, so we will see.

In any case, we will need three for quorum.

Secondly, I attended as a guest the Website committee and found it very productive.

There are all kinds of directions and information for the website to be discussed including a redesign of our logo at some point.

I believe it is a very important committee but it only has two members.

I would like to recommend Wil Anabel to that committee if he is not already a member, as he attended that meeting and has strong computer skills.

I too, would like to be a part of that committee as I am a photographer with graphic arts skills.

Additionally, I think a 5th member of your choosing would be appropriate - there is a talented member of that committee with strong opinions that needs the balance of a larger group.

All for now, please let me know your thoughts and we will be moving forward in these areas with all of your input.

Thanks!

Ron
